

## Welcome to my latest Update. It has been another busy couple of weeks with the Executive meeting taking place last Thursday (17 August) and a Full Council meeting in the diary for next Thursday (31 August). These meetings are live streamed on our YouTube channel so you can either watch them live or on

catch-up. The agendas and meeting notes are displayed on the council meetings section of our website in the week before the meeting.

The latest Household Support Fund (HSF4) provides financial support to individuals and households who have not been eligible for Cost of Living benefits. Find out if you are eligible for financial aid on our website and apply online. HSF4 is also helping families with children on free school meals by providing voucher support for all holiday periods until Easter 2024. Yesterday saw Ukrainian families and their hosts celebrating Ukraine's 32nd Independence Day across North Northamptonshire. The council continues to stand in solidarity with the Ukrainian people. The Homes for Ukraine scheme has supported the arrival of more than 600 Ukrainian guests to the local area, and we will continue to help them resettle and integrate into our

communities. North Northamptonshire Council, in partnership with Kier, has started its annual surface dressing programme to improve the condition of four roads in North Northamptonshire. The works that span 83.9sq kilometres - the equivalent of 12 football pitches - will prolong the life expectancy of

the roads for up to 10 years and reduce the need for further repairs. Executive Members approved the new Special Educational Needs and Disabilities (SEND) and Inclusion Strategy at last week's Executive meeting at the Corby Cube. The strategy sets out the

key priorities towards better meeting the needs of children and their families up to 2026. Our aim is to make North Northamptonshire the best place for all children and young people from all backgrounds and communities to thrive as they grow into adulthood. The last two weeks have seen thousands of Year 11 and Year 13 pupils up and down the country receiving their exam results. Results day is a nerve-wracking time for many young people, bringing new opportunities and new challenges. Schools will be able to offer advice, guidance

and support. The Department for Education website, The Education Hub, explores many of these options and is worth a browse. With a growing number of electric vehicles (EVs), it is vital that we work with residents and stakeholders to ensure that future aspirations to shift to EVs are not frustrated by inadequate infrastructure. I would encourage everyone to have their say on our draft Electric Vehicle Infrastructure Strategy before we approve the final strategy later this year. I have provided details of several other current consultations and engagement activities in today's Update. If you haven't already visited our online Consultation and Engagement Hub,

People in Northamptonshire are being asked to look out for each other while using the roads in a new road safety campaign that has been prompted by some accidents in the area. Northamptonshire Police, North and West Northamptonshire Councils and e-scooter company Voi have launched a campaign together to raise awareness of the rules of the road for e-scooters and e-bikes. North Northamptonshire Council will hold a public meeting in the Council Chamber at its Bowling Green Road office, Kettering on Tuesday 12 September. The meeting is open to residents who

have been previously impacted by the flooding of the East Brook Culvert in Kettering. Our third Health and Wellbeing Festival will take place from Monday 18 to Sunday 24 September at various locations across North Northamptonshire. The council is collaborating with many local experts and partners to showcase North Northamptonshire's health and wellbeing offer.

Further information about the event and the festival timetable will be available soon. The Armed Forces Covenant Northamptonshire provides information and advice on local

support services for the Armed Forces community and their families. Community Hubs offer the chance to socialise and seek help and advice in a relaxed setting. The dates and locations of the September sessions are detailed below.

The consultation on the future provision of sport and leisure in the North Northamptonshire Council area has been extended until Friday, September 15. The Council is reviewing how sport, physical activity and leisure meets the needs, and delivers health and wellbeing benefits, for residents in local communities.

Whatever your plans are, I hope you have a great weekend!

Forthcoming meetings Full Council: Thursday 31 August from 6pm. **Executive:** Thursday 14 September from 10am.

These meetings will be live streamed on our **YouTube channel**. Please visit the **Council meetings** section of our website in the week before the meetings to view the agendas and papers.

The council is firmly committed to supporting households that are struggling to manage food and utility costs. The latest Household Support Fund (HSF4) provides financial support to individuals and households who have not been eligible for Cost of Living benefits. The

to up to 20 free sessions during the summer holidays. The HAF Summer 2023 programme in North Northamptonshire is running until Friday 1 September. The sessions include multi-sports, arts and crafts, music production, dance and drama, cooking and computer coding.

one-off HSF4 payment of up to £320 (depending on household size) is paid directly into bank accounts. Find out if you are eligible for financial aid. Apply online for household support funding.

extending surface dressing treatment

MAINTENANCE

Through the scheme, the council, residents, businesses and communities have supported the

from the improvements: Polebrook: Oundle Road, Lutton to Lutton Road. Corby: A427 Oakley Road. Grendon: Main Road. Thorpe Waterville: A605 Peterborough Road. Surface dressing is quick to apply, meaning disruption is kept to a minimum with temporary road closures. Once applied, road users can travel on the new surface immediately. The carriageway is safe to drive on following application of the chippings, however, for the safety

of road users, a revised mandatory speed limit will be in place whilst the chippings bed in.

embedded after around a week, due to the action of traffic moving across it.

Loose chippings are swept away within five days of surface dressing, and the road markings will be reinstated. A heavy roller is used after initial treatment and the surface is usually fully

Residents and businesses located in the surrounding area of the surface dressing work will be notified with details of the closure and access/egress information. Advanced warning signs will

It's important that vehicles are moved off the road in advance of the scheme to minimise delays and disruption. Weather can impact the programme and dates may change, with people advised to check the on-site signs for the latest information and also go online where updates will be

signs of deterioration and is a cost-effective method of improving road texture - while offering greater carbon efficiency than resurfacing methods. All works are expected to complete in the

The following roads, which include two major roads across North Northamptonshire, will benefit

the council and parents and carers of children and young people with special educational needs, including the Northamptonshire Parent Forum Group, health and social care colleagues, teaching and nonteaching staff, academies and nurseries. The strategy focuses on six priority areas which will ensure better outcomes for SEND families over the next three years, including: Co-Production: Embedding co-production as a way of working together with families (parents / carers and young people) in everything that we all do across North Northamptonshire. Early Identification and Intervention: Identifying and meeting needs at the earliest opportunity – developing inclusive practice and providing the right support at the right time

Sufficiency: Building the capacity in the SEND system (including specialist provision / places and specialist support to mainstream settings / schools) to meet identified need locally. Transitions and Preparation for Adulthood: Improving Transitions for children and young

Skilled Workforce: Developing a skilled workforce that is confident in identifying and meeting

Partnership Working: A shared understanding of the outcomes sought for, and by children and young people with SEND, and clarity of the progress made towards those outcomes

Our aim is to make North Northamptonshire the best place for all children and young people

A detailed action plan is also being developed with partners to underpin the new strategy, which the SEND Accountability Board will be responsible for ensuring delivery and holding partners to

from all backgrounds and communities to thrive as they grow into adulthood.
